

TEAR & TEACH

PROTECT THE TEAM FROM GERMS

SIMA and *Snow Business* are committed to providing the resources that help make running your business easier and safer. This month's Tear & Teach can be used to educate team members on keeping the crew safe this winter. The pullout, which can be found between pages 44 and 45, is available for download and reprinting at www.sima.org/magazine.

ENFORCER™ V-PLOW

PURPOSE-BUILT FOR HALF-TON TRUCKS

TRIP-EDGE DESIGN

Independent trip-edge protection in all configurations—V, scoop or straight—keeps snow in front of the blade while protecting you and your equipment when encountering hidden obstacles.

ULTRALOCK DOUBLE-ACTING CYLINDERS

UltraLock double-acting cylinders hold the wings firmly in place for clean, efficient back dragging and allow operators to control the v-plow in straight blade mode by locking the wings together.

EASY ATTACHMENT & CONFIGURATION

The ENFORCER™ v-plow easily attaches to your vehicle with the WESTERN® UltraMount® 2 mounting system. Plus, it's engineered to configure to varying vehicle heights in order to maintain optimum performance.

BLADE OPTIONS & CONSTRUCTION

The ENFORCER v-plow features a blade width of 7'6" and flared wings with a height of 27" at the center up to 33" at the outer edges, and is constructed of high-strength, low alloy steel.

MORE JOBS. **DONE FASTER.**

Visit westernplows.com for more information or to find your local WESTERN dealer.

STAY WELL DURING WINTER: PROTECT THE TEAM FROM GERMS

Stay safe this winter with these health and safety best practices:

- 1 If you do not feel well or are exhibiting symptoms of possible infection, do not jeopardize your teammates. Stay home.
- 2 Follow mandates and wear a mask.
- 3 Cover coughs or sneezes with a tissue, then throw the tissue in the trash.
- 4 Wash your hands often with soap and water for at least 20 seconds. If unavailable, make sure to have hand sanitizer available.
- 5 Avoid touching your eyes, nose and mouth.
- 6 Eat well and stay hydrated.

Disinfect properly

Make sure equipment is properly disinfected, before and after snow events, when a different person moves a vehicle, or during a shift change. Pay special attention to surfaces and objects that are touched often, such as but not limited to:

- Door handles
- Armrests
- Seat belts
- Keys
- Shifter or selector pad
- Steering wheel
- Parking brake
- Seat
- Grab handles
- Hood latches
- All interior instrument switches on dashboard
- Functional handles and levers
- Fuel caps

MANTENTE BIEN DURANTE EL INVIERNO: PROTEJA EL EQUIPO DE LOS GÉRMENES

Manténgase a salvo este invierno con estas mejores prácticas de salud y seguridad:

- 1 Si no se siente bien o presenta síntomas de posible infección, no ponga en peligro a sus compañeros de equipo. Quedarse en casa.
- 2 Siga los mandatos y use una máscara.
- 3 Cubra la tos o los estornudos con un pañuelo de papel y luego tírelo a la basura.
- 4 Lávese las manos con frecuencia con agua y jabón por lo menos 20 segundos. Si no está disponible, asegúrese de tener un desinfectante de manos disponible.
- 5 Evite tocarse los ojos, la nariz y la boca.
- 6 Come bien y mantente hidratado.

Asegúrese de que el equipo esté debidamente desinfectado, antes y después de eventos de nieve, cuando otra persona mueva un vehículo o durante un cambio de turno en el equipo. Preste atención especial a las superficies y los objetos que se tocan con más frecuencia, como por ejemplo, pero no limitado a:

- Manijas de puerta
- Apoyabrazos
- Cinturones de seguridad
- Llaves
- Volante
- Freno de mano
- Asiento
- Agarraderas
- Cerrojo del capó
- Palanca de cambios o selector
- Todos los interruptores de instrumentos interiores del tablero
- Mangos y palancas funcionales
- Tapas del combustible
